WHAT IS UWC?

United World Colleges (UWC) is a global movement that makes education a force to unite people, nations and cultures for peace and a sustainable future.

WHAT IS A UWC SHORT COURSE?

A UWC short course is a two-week summer programme for passionate youth to spark a change in their life and the world.

This short course will bring together 36 participants in Cyprus, where they will re-imagine what their communities can look like and be equipped with a toolkit to become young change-makers.

Throughout the course, participants will work together in small groups to develop and design a social impact project. Working in diverse groups, matched by their interests, they will be able to experience the value of collaborative and inclusive teamwork.

Deadline
Priority deadline: 4 May 2022.
Late registration deadline: 20 May 2022.

WHAT DO PAST PARTICIPANTS SAY?

"We met a lot of people from different cultures and different countries, and we all go through different things, but we can all come together and strive for something bigger, for a project that we care about. And I think that this is the first program where I got to meet this many people of different backgrounds and it genuinely allowed me to understand humanity and how that all works."
- Participant, Social Entrepreneurship, Summer 2021

"I liked learning about the design thinking process and how to do most things in different ways to solve a problem, find the solution. Also looking from different perspectives to the problem itself. I think I could use these skills in my future to benefit me."
- Participant, Social Entrepreneurship, Summer 2021

LEARN BY DOING
EXPLORE PASSIONS
