ABOUT DIVERSITY IN ACTION

A UWC short course is a two-week summer programme for passionate youth to spark a change in their life and the world. This summer, the EU Scholarship Programme for Cypriot Youth at UWC is returning with another residential short course in Cyprus!

The Diversity in Action short course will bring together up to 40 participants from Cyprus, Europe and the Mediterranean region to explore and imagine ways to create inclusive and sustainable communities.

During the course, participants will live and learn together and be equipped with the tools to become young change-makers. They engage in UWCs experiential learning model and make connections with international peers that last a lifetime.

A DAY AT A UWC SHORT COURSE

A typical day will start at 8:00 in the morning with breakfast. Sessions will take place in the morning and after lunch. We will take a long lunch break, where you can rest your eyes and brains and we avoid the most intense summer heat. Between sessions and in the evenings, we will have more relaxing fun activities as well as free time to have fun and bond - and we hope you will bring ideas to share your interests and skills with others!

LOGISTICS

ABOUT COSMOPOLIS MULTI-VENUE

Cosmopolis Multi-Venue is a modern, multi-purpose venue. The venue provides us with comfortable rooms, a separate conference/workshop room, as well as outdoor spaces, including a basketball court and swimming pool where we can enjoy our course activities and supervised leisure time.

Participants will stay in shared rooms with shared bathrooms. While housekeeping will be provided, we expect everyone to share responsibility over keeping our spaces clean and undamaged.

THE TEAM

During the course, participants will be supported by an international team of twelve facilitators.

Participants are accompanied by a facilitator at any point of the course. Facilitators will stay in separate rooms at the same venue and there is always someone available for an emergency.

WHAT DO PAST PARTICIPANTS SAY?

Participants at UWC short course "(re)Imagining Community" Cyprus, summer 2022

I wanted to be in an environment with diversity, with other people from other countries. I feel that I know everybody and their interests. I also liked the activities that we did that really helped me to broaden my horizons.

EKATERINI, CYPRUS

I felt like home, the moment I left home. I have made lots of friends here and I really would like to stay in contact with them.

DEMIR, CYPRUS

What is a part of UWC is the desire to make change. This community proves that we are not a lost generation. We are a generation that is actually capable of making change and I am sure we will do it.
